Our Impact 2018

Education
Employment
Healthy Living

STARBRIDGE
For the Hope and the How
In total, Starbridge served more than 10,000 people during 2018.

Over 50% of young adults in our internship program are hired at the end of their internship. Other participants moved on to supported coaching and then proceed to jobs.

People worked with us to improve educational outcomes for their children or students.

People developed job skills, completed internships, or obtained competitive employment.

People partnered with us for the supports and opportunities they need for healthy living.

Parents improved their advocacy skills and worked with schools constructively to meet their children’s needs and help them succeed.

We connected 214 at-risk youth and adults with the education, job training, and supports needed to meet basic needs and obtain competitive jobs.

Adults in our residential services are supported to learn independent living skills, engage in community activities, and lead healthy, fulfilling lives.

Our fiscal intermediary service grew by 7%, opening up self-directed living to more people in the Finger Lakes region.

Thank you for your support, which helps make our impact possible!
